 Permits are required for overnight stays
 Fridays, Saturdays, and some holidays
 May 1 - October 31. Permits are issued the
 first of the month for the following month.
 The cabin is open 10am -5pm Friday,
 Saturday, and Sunday, May through October.
 Regulations prohibit camping in the wilderness
 area 3 consecutive nights.

NOTE: Most of the tracks are actual trail. A few are grown over or bushwhack/exploration. Use the map and data at your own risk. This is a wilderness area, and nothing is guaranteed. **YOU ENTER THE WILDERNESS AT YOUR OWN RISK!!!** It is assumed you have basic an understanding of wilderness navigation and survival skills. All trails in the wilderness area are rugged. Trails can grow shut with weeds and briars in a season. Water sources can be unreliable in summer and in times of drought. **GO PREPARED.**

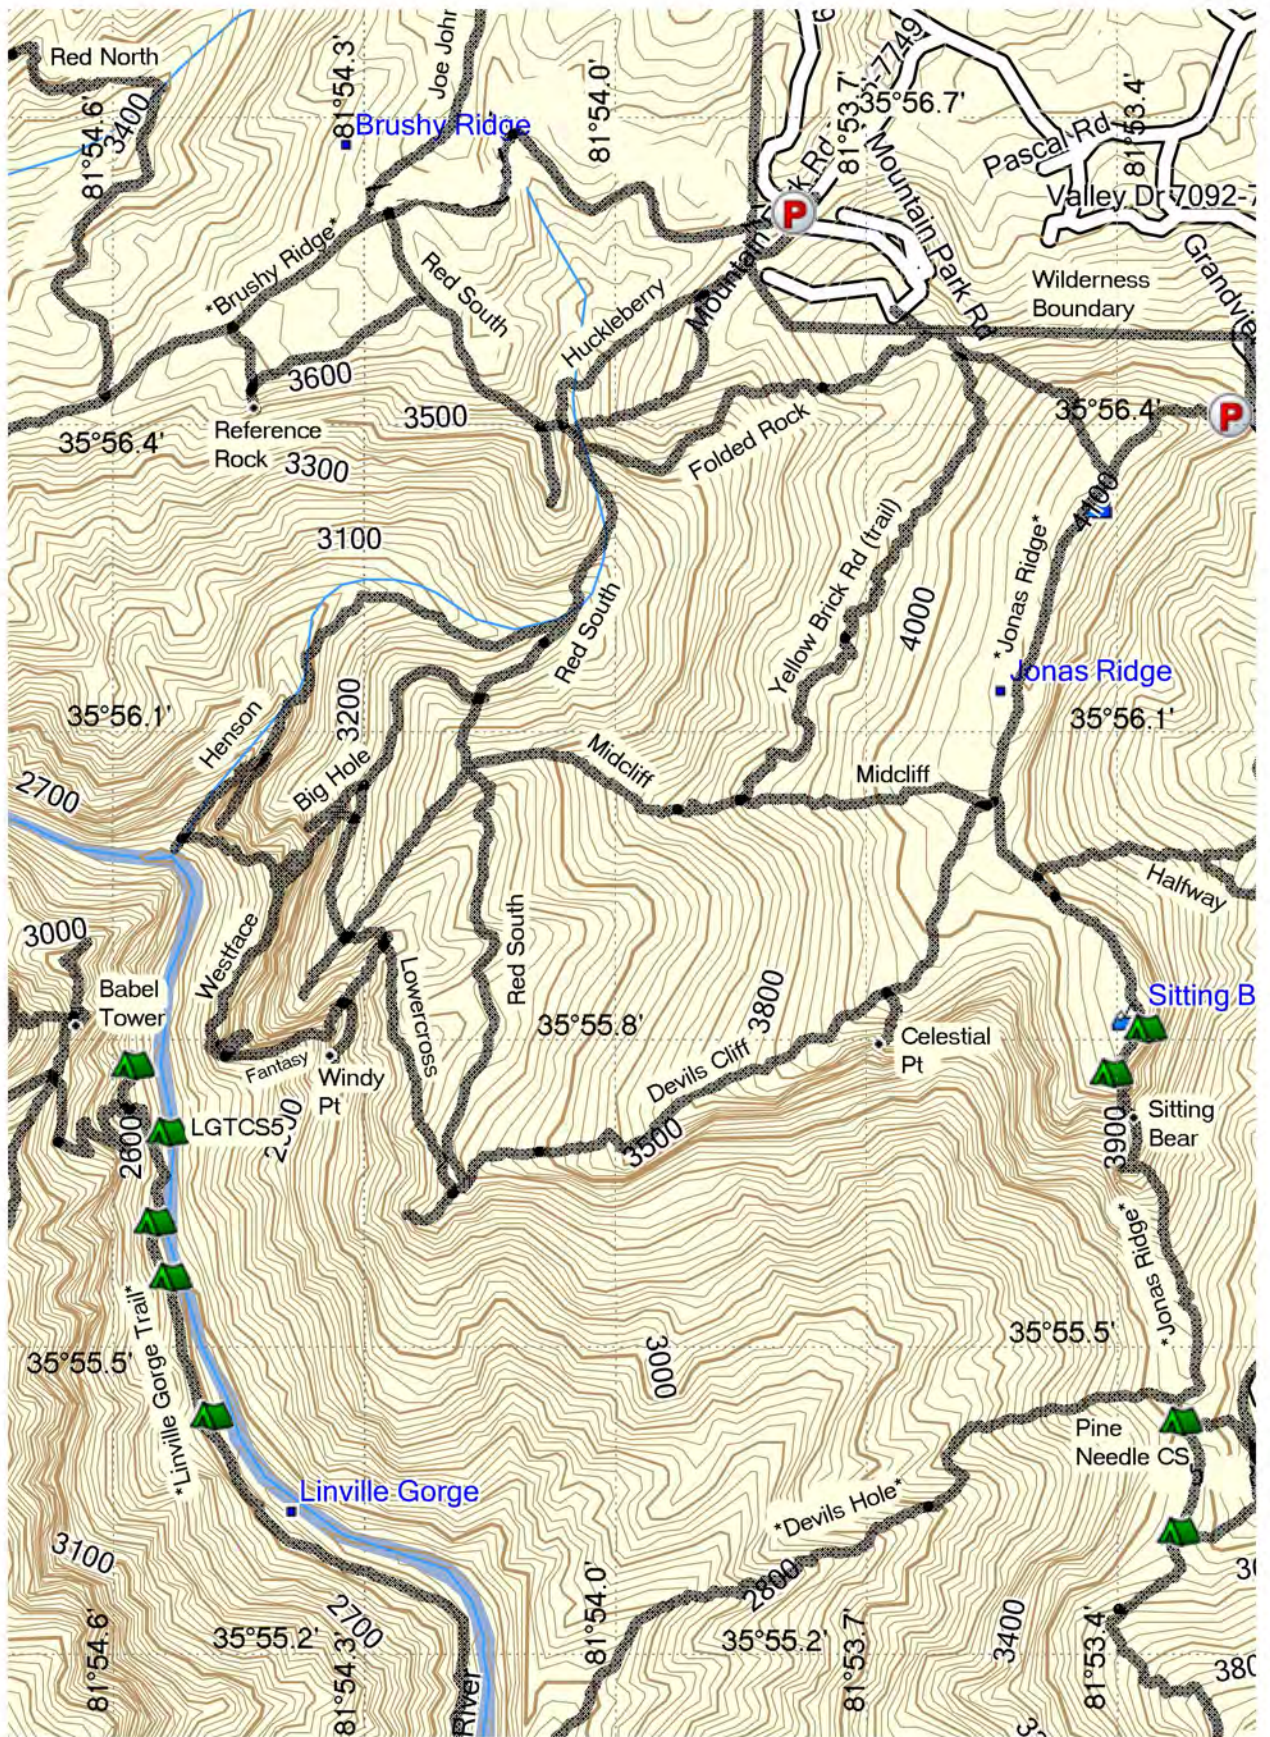

Created March 31, 2013 from data available at the time.

HIGH WATER DETOUR

In the event of high water at the MST river crossing:
 On the west side, travel south on the dirt road until it meets Parks Dr and continue south (straight) until it meets NC 126. Take a left and head east over the bridge to the second gate on your left. Go north from this gate on a blue blazed trail about 2.5 miles to rejoin the MST.

On the east side, backtrack uphill on the MST about 1000 feet to a blue blazed trail on the right. Follow this trail 2.5 miles to NC 126. Take a right, cross the bridge, and turn right on Parks Dr. When the road turns left, go straight on the dirt road for 9/10ths of a mile to rejoin the MST heading off to the left
